

Granite Safe All-Purpose Surface Cleaner

Supplies:

Spray Bottle 16 oz. or Larger

2 Cups Water

3 Drops - 1 Teaspoon Dish Soap (depending on soap concentration)

5-10 Drops Tea Tree or Lavender Essential Oil (optional)

Method:

Fill spray bottle to 16 oz. marking on bottle. Add your favorite dish soap. Next, add essential oil. Tighten lid, making sure sprayer nozzle is in the closed, or off position. Shake well to mix. Label spray bottle.

Directions:

Spray generously on granite or natural stone surface. Wipe with a clean soft cloth, or paper towel. Wipe surface completely dry for optimum results.

Makes 16 fluid oz.

For safety reasons, never reuse bottles of store bought cleaning products.
